ANIMALS	<i>frog</i>	<i>armadillo</i>	<i>rhino</i>	<i>mule</i>

DIRECTIONS:

1. Get together as many friends and family to play the game.
2. Each person gets their own chart. Fill in each category in the chart with as many answers starting with letter on top. For example - Food starting with the letter F - French Fries.
3. When everyone is finished compare your answers. For each unique answer not duplicated by anyone else in the group, you get one point. If the answer is two words beginning with the letter, you get two points.
4. Add up everyone's score at the end and declare a winner. Have Fun!

For more fun make your own charts with different categories and different initial words. Be creative!
